Build the Life You've Always Imagined

## It's More Than a House. It's a Home.

Your morning cup of coffee and a newspaper. A good book in front of the warm glow of a fireplace. Casual dinner parties with friends. Cozy holiday meals with family. Birthday parties, games of catch... so many of the moments that make up your life happen at home.

At B&D Builders, we understand that home is more than just a set of rooms and a roof. It's your respite from the world. It's where you feel most comfortable. It's where you make memories that last a lifetime. Quite simply, your home is everything to you. And when we build your home, we make sure it's everything you're looking for.

## Why Choose B&D Builders?

People discover B&D Builders because they're looking for a beautiful new home that will last for generations. But they choose B&D because of the personal attention and care we bring to every project.

Friends Ben Esh and Daniel Glick founded B&D Builders in 2000, bringing together years of construction experience and a team of skilled designers and craftsmen. Since then, they've built a portfolio of fine custom structures that includes homes, party barns, bank barns, equestrian facilities, event venues, commercial buildings, and more throughout North America, including projects across the United States and in British Columbia and the Bahamas.

Our craftsmanship, time-honored methods, and attention to detail create exquisite, one-of-a-kind homes. We look at every room and the way you live to design a home that is perfectly your own, a sturdy retreat from the world that reflects your personal style. Our custom approach ensures a B&D home is as unique as the family who lives there.

## Your Home, Your Vision

With more than 20 years in the building industry, we've learned a thing or two about working one-on-one with customers. It's what we enjoy most, and we approach every project as a true collaboration.

When you work with B&D Builders, you'll have a dedicated project manager committed to making your vision a reality. Available to meet whenever you need to, your project manager will ask the right questions, listen, and welcome your input during every step in the process to ensure you love the space where you live, work, and play.

We take great pride in our work. From design to final walk-through, your complete satisfaction is our ultimate goal, and we'll do what it takes to get things done. It's not just a slogan. At B&D Builders, our homes are built right or not at all.

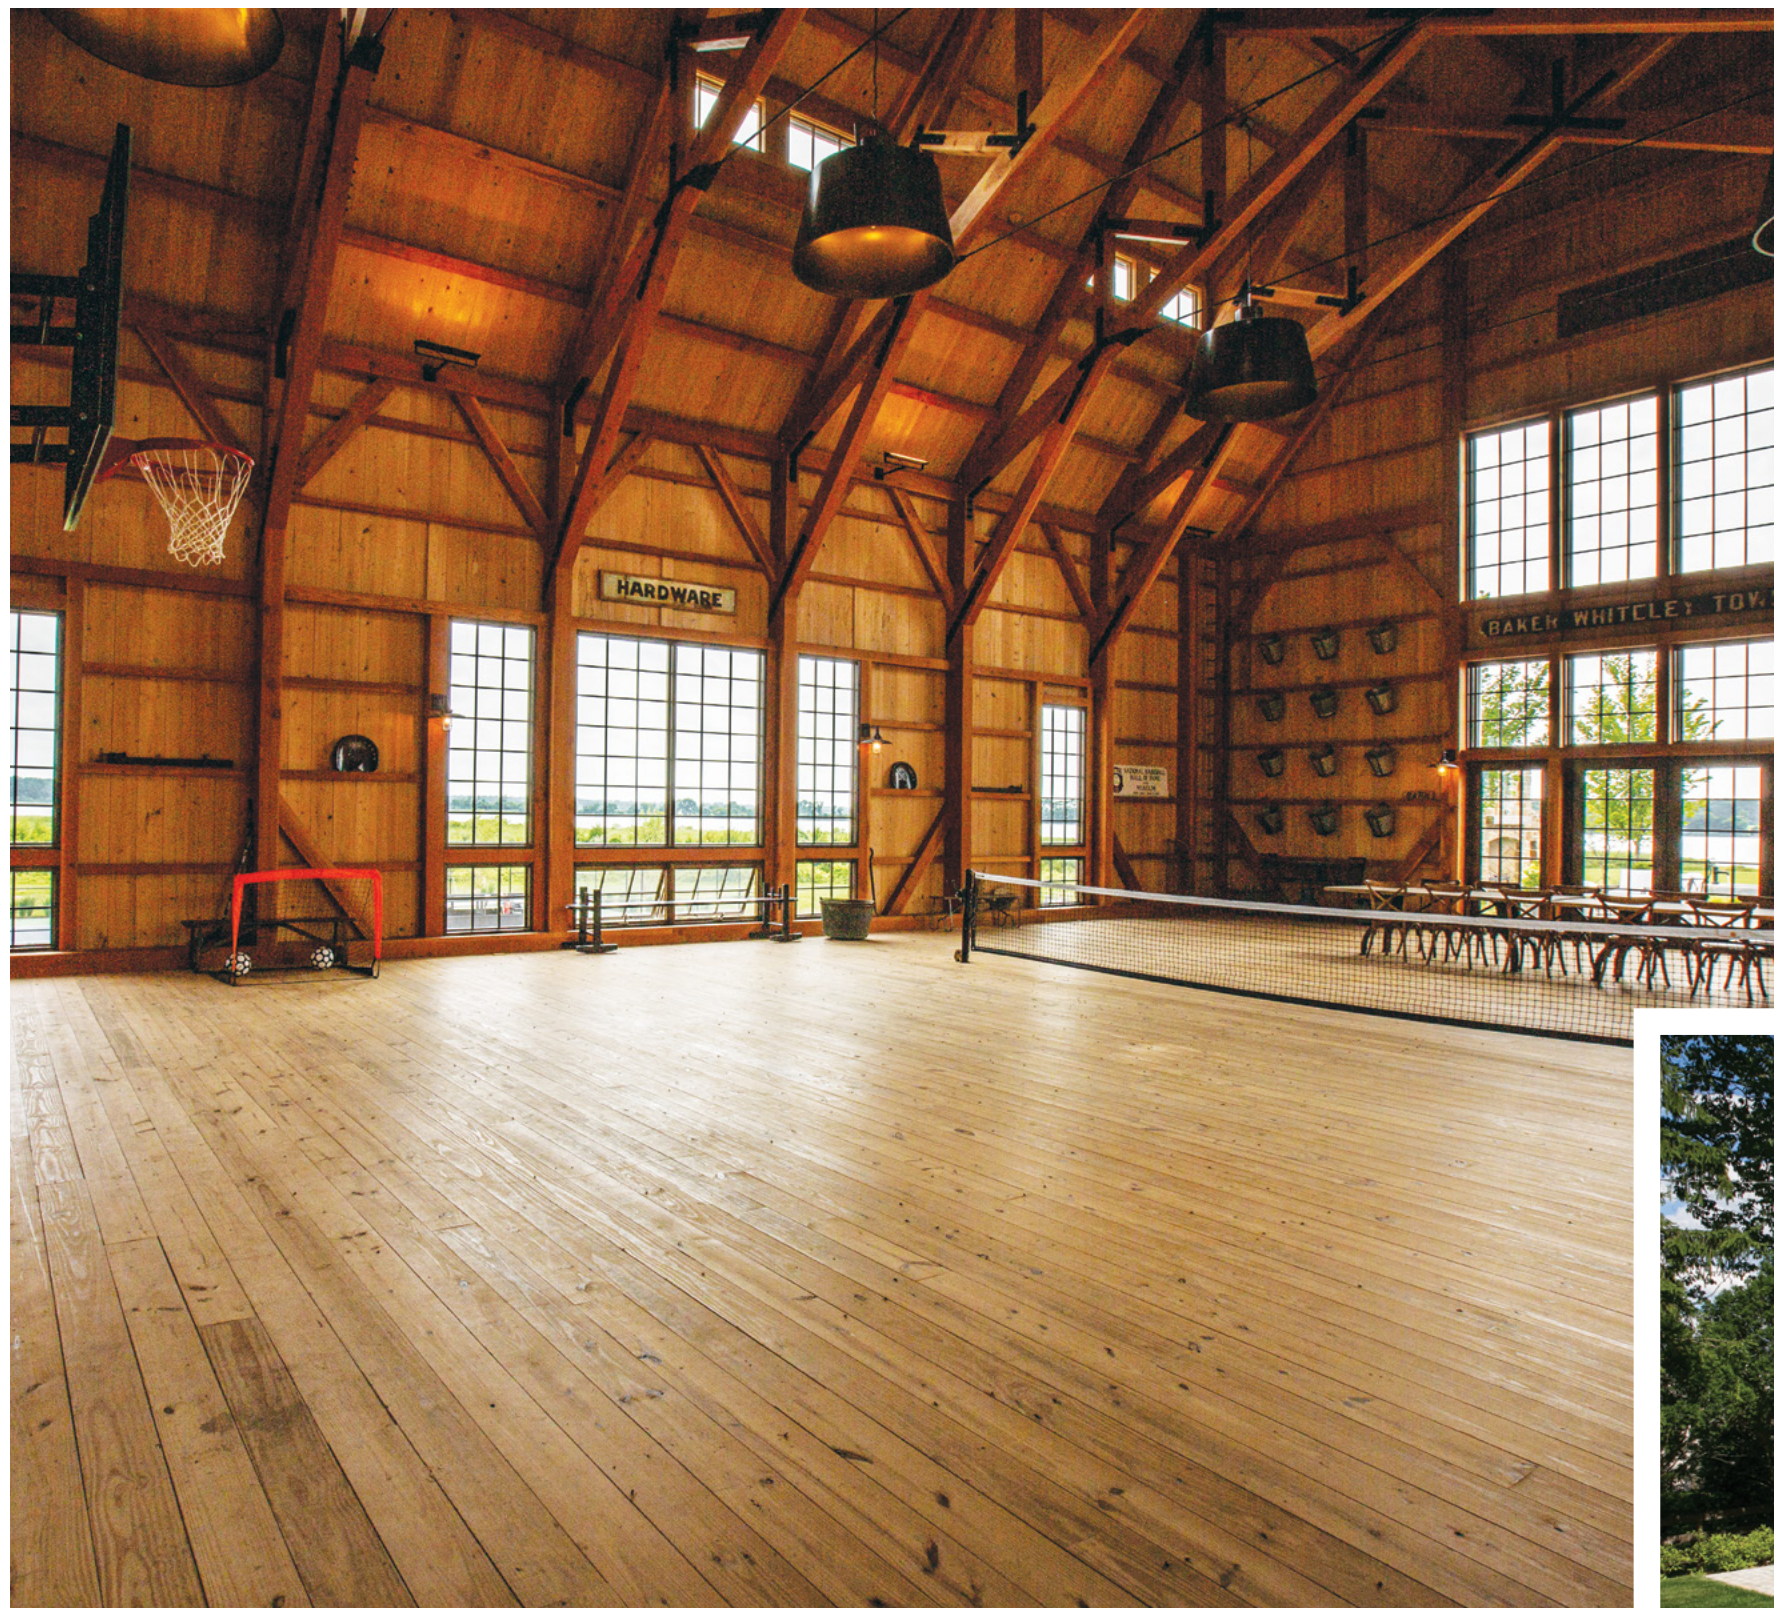

## Distinctive Details

While it's easy to spot a B&D Builders home at first glance, when you take a closer look, you truly see the skilled craftsmanship and attention to detail that make our homes shine. From handmade pegs to hand-hewn accent posts, to unique ironwork and millwork, it's the little things that make your home special and totally unique to you.

Far from building cookie-cutter interiors, we make sure each aspect of your home works the way you need it to and embodies your individual style. Custom kitchens and bathrooms, timber frame ceilings, statement staircases, mantels made from historic reclaimed wood – these are just a few examples of the distinctive details we create to make a house your home.

## Space for Embracing Life

We don't stop at just homes, though. Whatever you need space for, we can build it.

Our backyard party barns provide the perfect setting for relaxation and recreation – whatever that means to you. Maybe it's a game room or basketball court. A home theater and bar for watching the big game. A yoga studio, or space to explore your artistic side. An outdoor kitchen for entertaining friends and family.

Or maybe you have a passion for collecting cars? Or simply need more storage space? Consider adding a custom garage that goes far beyond traditional cinder block structures. However you spend your leisure time and pursue your passions, B&D can build a space that complements your new custom home.

# All Under One Roof

When choosing a builder, you may find that some can handle one part of your project, but not others. At B&D Builders, we're virtually a one-stop shop. We work with best-in-class specialty brands like Mid-Atlantic Timberframes, Mid-Atlantic Steel Fabrication, and Vintage Millwork and Restoration to provide a wide range of services for custom home building. Plus, we have our own crews, ensuring reliability, better lead times, and quality control from start to finish.

## Our Partners

### Mid-Atlantic Timberframes

Mid-Atlantic Timberframes provides old-world craftsmanship combined with modern CNC technology to ensure your beautiful new home will stand for generations to come.
